

Award-Winning Children's Book Author Debbie Glade Will Visit your School or After Care Program

To Share her Fun and Educational Book and Get Kids Excited About Reading

The Travel Adventures of Lilly P. Badilly: Costa Rica

“ Debbie Glade visited two After School Programs in Miami-Dade County, and her presentations were outstanding - both fun and educational. Before her visit, the students read her book and listened to the fully narrated CD that comes with each copy. They were extremely excited and couldn't wait to meet her. She showed up dressed in costume and in character and got their full attention, inspiring the children to read and learn more about the world. They believed she was a pop culture celebrity, and we can best instill the love of reading in our children when our local authors become celebrities! Debbie's follow-up resource suggestions were brilliant, giving teachers many ideas for further learning topics and activities that relate to her award-winning book. The children continued to talk about her visit long after she was gone. I recommend her highly. ”

The Travel Adventures of
Lilly P. Badilly: Costa Rica

“The Travel Adventures of Lilly P. Badilly: Costa Rica is a children's book with accompanying audio CD following the adventures of a tiny millipede with a talent for playing the piano. Along with her grandparents, the plucky millipede goes on a wondrous journey deep into the Costa Rican rainforest! The Travel Adventures of Lilly P. Badilly features a number of catchy songs sung by various creatures; these songs are played with music on the audio CD, making for a most enjoyable reading and listening experience. Simple yet colorful illustrations round out this surprisingly long and involved picturebook adventure.”

- Highly recommended by Midwest Book Review.

“Laugh Learn and Love to Read with Lilly Badilly” Elementary Program

Debbie will visit your school/after care program and work with you to customize a program that meets your specific needs. The program can be adjusted to the age/learning level of the group. One, two or three presentations to different age groups can be made during one visit, depending on which package you select. Children and teachers will laugh during the presentation - guaranteed!
